Video Dread Premiere: Cellar Door Teaser & Trailer!

We've been hearing about the new indie film *Cellar Door* for a while now, getting bursts of praise here and there for it being beyond what the premise leads most to expect, so when we had the opportunity to host a premiere of both the film's teaser and full trailer, of course we said yes.

Cellar Door follows Herman, a lonely man who's been collecting pieces to make the perfect woman over the years. He finally finds the missing piece in the form of Rudy, who might be the girl of his dreams. He keeps her locked away in his cellar and the head games the two play with one another are apparently what make *Cellar Door* stand out from the crowd.

Check out the teaser and full trailer below, and visit the [official *Cellar Door* site](#) when you're done to learn more!
